

ARGUS International, Inc. is Growing

Director of Audit Programs, Business Aviation Position Available

ARGUS PROS, A division of ARGUS International, is your one-stop source for creating a superior operation within your air transportation business. We are an experienced quality and safety assurance provider and are accredited by IATA as an IOSA Audit and Training Organization. Ours is a flexible organization, committed to true team auditing for multiple standards at the domestic, regional, and international levels, as well as tailoring all the other resources and services we offer to your specific needs.

ARGUS PROS is currently seeking a Director of Audit Programs, BA to join our team. This position will work in our Denver, CO location. ARGUS is an established company with an unparalleled client list and reputation. The perfect candidate will have the proven ability to work with the listed technologies in a team setting.

Position Summary: This position is responsible for the day-to-day management of all audit standards for Business Aviation. The position reports to the VP Business Aviation.

Responsibilities for the position will include, but not be limited to, the following:

- Maintain currency and qualification as an ARGUS auditor.
- Plans and conducts systematic operational safety audits of corporate flight departments and charter operators.
- Communicates the results of audits via written reports to be delivered in a timely fashion.
- Works under general supervision and in a variety of different work environments and/or on several projects simultaneously.
- Manages Business Aviation audit programs including ARGUS, ISBAO, ACSF and BARS
- Develops and maintains company policies and procedures, scheduling, supervision of contract auditors and overall oversight of the program.

Minimum requirements will include:

- Bachelor's Degree in a related field and Lead Auditor Training.
- Five years of experience with a major/commuter carrier or corporate flight department in the area of flight operations, flight training, maintenance, flight dispatch, or station operations.
- Working knowledge of pertinent Federal Aviation Regulations (65, 91, 119, 121, 135, 830, and Special Federal Regulations as appropriate), FAA Advisory Circulars, and company OPSPECS is necessary.
- Pilot certificate with turboprop/jet experience and/or Maintenance certificate required.
- Auditing in relevant areas of operations previously mentioned of at least two years is also required.
- Supervisory experience preferred
- Proficient in the use of Microsoft

Why Chose ARGUS? Full time benefits will include: 401K Match, Medical/Dental/Vision Insurance, Voluntary Coverages, Paid Short Term Disability, Paid Vacation and Holidays, Flexible Schedules, Wellness Initiatives, Gym Reimbursement, Competitive Salary with a Friendly Casual Atmosphere. The salary range for this position will be \$70,000-90,000.00 per year based on skillset and years of experience.
